

Come Remember Me

These are the words
That our Lord spoke to me
May your ears listen –
Find rest in Him my friend

Come to Me my child
Come lay your burden down
Find your rest in Me
Relax – don't try so hard
All in your own strength
You try to find reason
Behind everything
You strive to do the right
You desire to walk
The way of uprightness

Come to Me my child
Why do you try so hard
All in your own strength?
Come let me be your strength
Let Me give wisdom
Let Me give you My peace
Let Me be your guide
Come close near My side
I will give you all –
All that you need my child

Come remember Me
I am the Great One
I alone bring peace
I alone give strength
I have all wisdom
You're quick to forget
That if you desire
To truly follow
You must let Me lead
Won't you please My child
Come remember Me.
