

God is There

When you see a newborn baby smile
Or know you can go the extra mile
Know that God is there.

When you see the moonlights glow
Or the newly fallen snow
Know that God is there.

When you hear a pretty bird's son
Or feel a hug that is strong
Know that God is there.

When tears start to fall
And there is no one to call
Know that God is there.

In good times and bad
Either happy or sad
God is always there.

God is always there for you
His love is ever true.
