

Heart Filled

Heart filled

Heart thankful

Reaching heavenward

In the midst of trouble

Transcends earthly pain

Learning the lesson

Becoming a servant's heart

The oxymoron of praise

God dwells in that heart

The thankful heart

Heart filled

Heart thankful

Resting in Heaven's peace

Shielded from evil

Held in His hand

Feeling His embrace

Life turns to His perspective

My heart knows Him

The riches of His love

In the thankful heart
